Wedding Day \$2,800.00

The goal of cst photography, LLC is to document each priceless moment of your wedding day with great focus on the details of the wedding preparation, ceremony, reception and any before and after special customs. Emotions speak louder than words and we strive to capture them in an artistic fashion. We combine photojournalism with formal & traditional photography. Photography on your wedding day – covers fun moments getting ready shots of the Bride & Bridal Party, Groom & Groomsmen, formal photos, ceremony, cake cutting, toast, first dance, bouquet and garter toss, until the time you leave. We will stage fun and artistic poses of the bride and groom, wedding party and family members at different locations of the wedding venue. Additionally, we will be looking for opportunities to capture candid moments during the ceremony and reception in an unobtrusive way.

Each package includes my time as a photographer and assistant/second photographer plus unique editing of all photographs. The couple will have full rights to the digital photographs and will receive them on a custom flash drive. Additionally, all photographs will be posted on a web album for family and friends of the bride and groom to view. Prints can be purchased from this album without watermark. Both web and flash drive albums will display all photos in an order so that you can experience those wonderful moments again as they happened.

~~Average of 600+ digital photographs on web albums including unique artistic editing.

~~A 16x20 professional Portrait of the Bride is provided to display at reception when both bridal portraits and wedding are photographed by cst photography, LLC.
